## SUMMARY

I am a motivated and detail-oriented **Frontend Developer** with a strong foundation in **HTML, CSS, JavaScript, and modern frameworks such as React and Tailwind CSS**. Skilled in designing **responsive and user-friendly interfaces**, with hands-on experience from real-world projects and internships. I bring strong **communication, problem-solving, and time management skills**, along with a passion for continuous learning and growth in web development.

## EXPERIENCE

### Frontend Developer

#### godavari wave technologies.pvt.ltd

03/2024 - Present

- Developed and deployed 5 high-performance responsive web applications using React, TypeScript, HTML, CSS, and JavaScript.
- Integrated APIs, managed state, and optimized performance for smooth user experience.
- Ensured cross-browser compatibility, followed UI/UX best practices, and collaborated in Agile teams.
- Handled version control with Git and deployed via CI/CD tools such as Netlify, Vercel, and Jenkins.

### Area Manager

#### AAIMS Protections Pvt. Ltd

07/2021 - 12/2023

- Managed teams and ensured operational efficiency across locations
- Prepared reports and implemented performance improvements

## EDUCATION

### B.Sc. Computer Science

#### Samhitha Degree College, AKNU

08/2018 - 05/2023

### Intermediate (MPC)

#### Mega Junior College

06/2016 - 06/2018

### Matriculation (SSC)

#### Srinivasa Ramanujan Municipal High School

06/2015 - 05/2016

## PROJECTS

### Weather Dashboard Using API

<https://weather-project-alpha-eight.vercel.app/>

Built a responsive weather app using React.js and OpenWeatherMap API, deployed on Vercel with real-time location-based data and a user-friendly interface.

## CERTIFICATION

### MERN (full-stack)

godavari wave technologies.pvt.ltd

### TypeScript for Professionals

godavari wave technologies.pvt.ltd

### Postman for API Testing and Automation

godavari wave technologies.pvt.ltd

### Agile Scrum Fundamentals

godavari wave technologies.pvt.ltd

### Web Development Fundamentals

godavari wave technologies.pvt.ltd

### JavaScript (from zero to expert)

MongoDB

## PROJECTS

### React Learn

<https://project-programiz.vercel.app/>  
Developed a React-based learning platform with user authentication (signup/login) and dynamic content, deployed on Vercel.

### E-Commerce

<https://e-commerce-app-eta-beryl.vercel.app/>  
Built a responsive e-commerce web application using **React.js, HTML, CSS, and JavaScript**, featuring product listings, styled UI components, and dynamic navigation, deployed on **Vercel**.

### Food-App

<https://food-app-zeta-plum.vercel.app/>  
Built a responsive recipe browsing app using **React (Vite)**, integrated with the Dummy JSON API. Implemented cart management with add/remove functionality, toast notifications, and a sleek modal UI. Deployed on **Vercel** with a clean, user-friendly design.

### PORTFOLIO

<https://portfolio-sarath-one.vercel.app/>  
A showcase of my skills, projects, and experience built with React.js and modern UI design.

## LANGUAGES

<b>English</b> Proficient	<div><div></div><div></div><div></div><div></div><div></div></div>	<b>Telugu</b> Native	<div><div></div><div></div><div></div><div></div><div></div></div>
<b>Hindi</b> Advanced	<div><div></div><div></div><div></div><div></div><div></div></div>		

## KEY ACHIEVEMENTS

### Developed & Deployed Real-World Projects

Successfully built and deployed **4+ live web applications** (Weather App, E-commerce, React-Learn, Food-App) using **React.js, APIs, and authentication**, improving user engagement and showcasing practical problem-solving skills.

### API Optimization

Optimized API integrations, boosting app performance by 30%

### Streamlined Deployment with CI/CD

Implemented automated deployment pipelines using **Netlify and Vercel**, reducing release cycles by **40%** and ensuring faster delivery of new features.

### Strengthened Collaboration & Code Quality

Used **Git/GitHub** for version control, ensuring seamless team collaboration, reduced merge conflicts, and maintaining clean, production-ready code.
