## PROJECTS

### Weather Dashboard Web App

https://weather-project-alpha-eight.vercel.app/  
Developed a responsive weather app using HTML, CSS, JavaScript and React, integrating OpenWeatherMap API to display real-time weather data based on user input or location. Deployed on Vercel.

### ReactLearn

https://project-programiz.vercel.app/  
Built a solo learning platform using React.js, featuring API integration, user authentication (signup/login), and dynamic content pages. Deployed on Vercel.

### E-COMMERCE

https://e-commerce-app-eta-beryl.vercel.app/  
Developed a responsive e-commerce web app using React.js, HTML, CSS, and JavaScript, featuring product listings, styled UI components, and dynamic navigation. Deployed on Vercel.

### AirMax Product Card UI

https://funny-gumdrop-f66a83.netlify.app/  
Developed a responsive e-commerce product card UI for the fictional AirMax collection  
Key features: split layout, hover effects, pricing display, interactive size & color options, responsive design
